

Notice – An Important Alto Update
#162800
RE5F01A (JF506E)

ALTO PART # 162800
RE5F01A (JF506E)

PLEASE BE ADVISED THE CASE HALF GASKET INCLUDED IN THIS SET IS THE FIRST DESIGN GASKET AND HAS A METAL CORE THICKNESS OF .008"(.203MM). THE LATE DESIGN, WHICH FITS MOST 2003-UP MODELS, HAS A METAL CORE THICKNESS OF .024" (.610MM).THIS LATE GASKET IS CURRENTLY UNAVAILABLE, SO IT IS EXTREMELY IMPORTANT THAT YOU CHECK YOUR ORIGINAL GASKET THICKNESS BEFORE DISCARDING IT- YOU MUST RE-USE THE ORIGINAL GASKET IF YOUR UNIT HAS THE LATE DESIGN.

USE OF THE INCORRECT GASKET COULD CAUSE A LACK OF LUBRICATION AND PLANETARY GEAR SET FAILURE.
