DESCRIPTION & NOTES...

Now Available!!

Alto 057757C GM700R4 3-4 Hi-Energy PowerPack®

Alto has designed this PowerPack® with additional clutches in order to help increase friction plate capacity in the drum. The increase in plates enables torque load to spread over more friction area, resulting in reduced heat generation.

POWERPACK® Kit Contents:

Alto #	Description/QTY Ea.
057734-158	3/4 HEG PPK, 9pcs
057725	Steel with Notch, 2pcs
057725A	Steel .060" thick, 8pcs
057713	3/4 Apply Pressure Plate, 1pc
057254-062	Snap Ring Sel. 3-4 Cl. Drum, 1pc

**057757C can also be used within the 700-R4 family including: 4L60, 4L60E, 4L65E, 4L70E
