

ALTO PRODUCTS CORP.

New Product Release Race Ready Hi-Performance Rebuilding Kit Transmissions: W4A33 / F4A33

Application:	Mitsubishi, Hyundai, Chrysler
Alto Part # :	108903HPSKW4A33
	108901HPSKF4A33

These rebuild packages include band, filter, gasket and seal kit, plus the Alto Anti-Warp kit for the troublesome end clutch. There will be less chance of friction or steel element failure when you install this kit into your transaxle.

All friction plates have the race proven Red Eagle® lining, saturated in a phenolic resin and cured, with a second saturation in a silicate, which helps reduce the steel plates from burning and warping.

Due to the salt bath nitride process, the Kolene® steel plates have higher heat resistance and offer increased lubricity. This process also provides a surface treatment that enhances wear and fatigue resistance from 200% to 500%.

Friction and Steel Elements

HI-PERFORMANCE - RED EAGLE®

Alto #	Description	Spec	Year	Qty	Notes
108740-170	Front (Direct) except F4A33EV067/1.7	91-On	4	Red - 38T - OD: 5.430. - PL
108742-170	Rear (Forward) except F4A33EV	.067/1.7	91-On	5	Red - 42T - OD: 5.430. - PL
