Ford	AOD	Reverse PowerPack®	'80- '92
DESCRIPTION & NOTES...			

## Ford AOD Reverse PowerPack® 1980-1992 Alto #049758...

**Durability and Performance Benefits:** This PowerPack® provides more friction surface for torque enhancement, better heat dissipation for longer clutch pack life. It allows for 4 plates to fit in the 3-plate drum, and 5 plates to fit into the 4-plate drum. The 3-plate drum in satisfactory condition is more available than a good 4-plate drum. With this PowerPack you can now use the 3-plate drum with confidence. Clutch pack clearance .040" to .075"

**Installation:** The stack-up of the reverse clutch drum is the same method as OE.
