

How to locate and navigate the "Attribute Search" in our E-Catalog

Inside our E-Catalog located under the "Alto Number" tab there is a button labeled "Attribute Search". When this is selected, the user can choose the Part Type from the drop-down menu, and then continue with selecting multiple Attributes. The Attribute options are Teeth, ID, OD, & OAT, the Value selected reflects either dimension parameters, or quantity of teeth. This search tool covers all the Friction & Steel clutch products Alto offers.
